EXPERIENCE

In-House Training – Dayalbagh Educational Institute (DEI)

16 June 2024 – 30 June 2024

- Learned fundamentals of workshop machines including lathe and shaper.
- Gained introductory exposure to machining operations and industrial tools.

Industrial Visits

- Prakash Diesels Pvt. Ltd., Agra
- Mahavir Die Casters, Agra
- Electrical Loco Shed, Tughlakabad
- Observed industrial equipment, manufacturing workflows, and electrical systems in real-world environments.

Academic & Technical Exposure

- Participated in workshops on Emotional Intelligence and Robotics (IIT Bombay TechFest at DEI).
- Engaged in technical competitions including SIH 2025 (internal round cleared) and Anveshan.

POSITIONS OF RESPONSIBILITY

Class Representative: Economics (First Year) at Dayalbagh Educational Institute

- Acted as a liaison between faculty and students for the Economics course.
- Coordinated academic communication, announcements, and feedback collection.
- Assisted in smooth conduct of classes, assessments, and course-related activities.

Campus Ambassador – IIT Kanpur, IIT Delhi & Internshala

- Represented and promoted academic programs, events, and initiatives on campus.
- Increased student awareness and participation through peer outreach and digital engagement.
- Served as a point of contact between organizing institutions and student participants.

Student Coordinator – Virtual Labs Hackathon at Dayalbagh Educational Institute

Contributing to the planning and organization of a college-level Virtual Labs Hackathon.

- Coordinating with faculty, student volunteers, and participants for smooth execution.
- Supporting event logistics, communication, and participant onboarding.

Virtual Labs Intern (Presently)

- Currently working on Virtual Labs initiatives involving academic content support and experimentation workflows.
- Assisting in improving accessibility, usability, and student engagement with virtual laboratory experiments.

INTERNSHIPS

Engineering Intern: Uttar Pradesh Power Corporation Limited (UPPCL)

400 kV Sarojni Nagar Substation | 26 May 2025 – 24 June 2025

- Gain hands-on exposure to high-voltage power systems and substation operations.
- Observed real-time power distribution, safety protocols, and maintenance practices.

Summer Trainee: Research Designs & Standards Organization (RDSO), Indian Railways

3 June 2024 – 14 June 2024

- Acquired practical knowledge of locomotive components and their operational significance.
- Learn about traction systems, braking mechanisms, and safety standards in railway engines.

IoT Trainee – Digipodium

4 June 2025 – 3 July 2025

- I worked with microcontrollers and multiple sensors for real-time data acquisition.
- Integrated hardware systems with cloud platforms for monitoring and visualization.
- Developed basic UI dashboards for real-time IoT data representation.

EDUCATION

Bachelor of Technology (BTech) in Electrical Engineering (Computer Science Specialization)

2023 – 2027 (Pursuing) at **Dayalbagh Educational Institute, Agra**

- SGPA: **8.63** (Till 4th Semester)

Class XII from Rani Laxmi Bai Memorial Senior Secondary School in the year 2023

- Score: **90.6%**

Class X from Rani Laxmi Bai Memorial Senior Secondary School in the year 2021

- Score: **96.4%**

SKILLS

- **Programming:** Python, C, C++
- **Data Structures & Algorithms** (using C & C++)
- **AI & Data:** Machine Learning, Data Analysis using Python
- **IoT:** NodeMCU, Sensors, Cloud Integration using Firebase
- **Tools:** MATLAB
- **Libraries:** NumPy, Pandas, Matplotlib, Seaborn

CERTIFICATIONS

Google Cloud: Generative AI, Data Cloud | **Google & Kaggle:** AI Agents |

Smart India Hackathon (SIH) 2025 | **AI Fundamentals:** Hand Held High (HHH)
